

19 February 2014, with a bit of ice cream left over from the Ban Bung Gaew School we headed to a Nursery just down the road. It is their wish that we can also give them a helping hand.

If approved by the membership we would like to provide them with some educational toys and perhaps some language workbooks.

Nope not quite finished yet. Still had a little Ice Cream left so we headed to another Nursery approximately 20 km from Ban Bung Gaew

The Nursery Pre School located in Ban Non Suwon requested some floor tiles to finish off an addition they made to their classroom. Sorry, No picture of the area that needed the floor tile.
